From the Principal

Dear Parents, Caregivers, Staff and Students

Student Safety to and from School

There has been a recent media report of abduction attempts outside southern suburbs schools.

Please ensure that your children are as safe as possible as they move between home and school and discuss strategies they can use if they find themselves in difficult or threatening circumstances.

Outlined below are some strategies students can use to minimise risk:

1. Wherever possible walk with others and wait for public transport with other people.
2. Be generally aware of their surroundings and areas that might provide a safe haven where there are people. Included are shops, service stations, Doctors’ and Dentists’ rooms and other places where there are likely to be numbers of people.
3. Have an emergency communications strategy so they know who to contact for a prompt response in an emergency.

If a student is approached and they feel uncomfortable they should move away quickly and make noise to attract attention. If there is ever an incident on Portrush Road in the vicinity of Loreto College students should go into the College and staff will provide emergency assistance.

Students who wish to discuss any issues associated with safety can speak with Ms Hunter or Mr Tidd who are Student Counsellors, or their Home Group Teacher. Inquiries from parents and caregivers can be directed to Ms Ferguson. I would appreciate your support in discussing this matter with your child. Please read Ms Ferguson’s article relating to Student Safety On Bus Routes in this Newsletter.

Town Hall Concert

I would like to congratulate Music students and staff on a magnificent Town Hall Concert on Thursday 25th August. Not only did it showcase the ability and work of our students and staff, it was also a wonderful evening’s entertainment. Our special guests, His Excellency Rear Admiral Kevin Scarce, Governor of South Australia and Mrs Scarce thoroughly enjoyed the evening.

Building Program

We are currently working with the Department of Education and Children’s Services (DECS) and the appointed Architects on the design and configuration of the new Science Building which will be located at the back of the school. Works will include the construction of a new two storey 2400m² building and refurbishment of some existing spaces. A draft program has been prepared with a thirteen week concept design period from 2nd August to 1st November 2011. The current timeline indicates that the new building will be ready for operation from the beginning of the 2014 school year.

Below is a summary of recent work:

1. Use of Transportables during construction
   I have indicated that they will not be required.
2. Options for the relocation of the 2 tennis courts
   If we decide to replace the tennis courts, it will be at the eastern end of the existing tennis courts on the Hockey Oval. We are able to postpone a final decision for about 5 months. I do acknowledge the need for hard play areas which incorporate tennis courts.
3. ‘A’ Block Lift
   The architects are working closely with the Council and Heritage Consultants. The proposed solution of frameless glass presents some issues which are being addressed. We have been advised that the Disability Act overrides State and Local Heritage considerations.
4. Administration
   Consultants are working on a proposal which will improve the functionality of this area.
5. Resource Centre
   Consultants are working on a proposal which will see the existing Resource Centre space used as a multifunction student services facility. Space in the new building will support resource based learning.
6. New Building
   Concept diagrams outlining a proposal for the use of space in the new building are being considered.

TALK IT LIKE IT IS...

When it comes to relationships and sexual health, you and your family are the most important source of information for your children. More than anyone else, your beliefs and values will help shape your children’s views on what’s right and what’s not, so long as you let them know where you stand.

One aim of the Relationships and Sexual Health program delivered to students in Years 8, 9 and 10 is to increase their confidence to ask questions and develop skills needed to seek out accurate information. However, it’s important not to wait for your children to ask questions but use opportunities to have conversations as they arise.

One such opportunity may be while students are participating in their school relationships and sexual health program. Why not ask them about the course content, help them with their homework and have a discussion about how different this is from when you went to school!

Some tips

It’s OK if you don’t know the answer – you cannot know everything and together you can find out the answer. See right for suggested information sources.

It’s OK to feel uncomfortable – you may feel awkward if you didn’t speak to your parents about relationships and sexual health, but it gets easier!

Talk it like it is – by being open and honest you will create the foundations for ongoing discussion and position yourself as their ‘go-to’ person.

There is a common misconception that talking about sex will make young people want to have sex. However, research has found quite the opposite. The more accurate information a young person has, especially when presented in a positive way, will help young people to develop healthy values, and delay having sex until a relationship feels respectful and safe.

2011 SNOW TOUR

The Year 10 Snow Trip to Mt Hotham has just concluded and our students once again acquitted themselves excellently.

The weather was quite variable, ranging from sunny days to white-out conditions. All students made a lot of progress in their boarding or skiing. Eleven volunteer instructors, many of whom are old scholars, worked in tandem with ten MHS staff, to ensure that everyone tackled the slopes in a safe and positive manner. Our students proved to be fine ambassadors for the school.

With a total party size of 149 they also learnt valuable life skills in how to cooperate as a team member. This year all participants will receive a commemorative snow tour jacket, and we expect that these will be delivered very soon.

We thank the Coordinator, Mrs Marg Vivian, for the incredible effort she put into the organisation and leadership of the tour. Well done.

TOWN HALL CONCERT

This year’s Town Hall Concert celebrated 35 years of Marryatville High School and the Special Interest Music Centre (SIMC).

The audience enjoyed a wide range of music, highlighting the excellence of each of the 16 ensembles. The Governor of South Australia Rear Admiral Kevin Scarce attended the concert in his position of Patron of Adelaide’s Special Interest Music Centres.

35 years ago the Special Interest Music Centres were created to provide models of excellence in Music Education in South Australia. They provide a valuable contribution to the profile of music in the education system and have played a significant role in the development of music curricula in the state.

Marryatville’s SIMC has enjoyed great successes both musically and academically. Solid leadership and expert staff has seen the SIMC evolve from a lighthouse of Music Education in South Australia. Graduates from Marryatville’s Music Centre now occupy positions in prestigious performing ensembles, orchestras, and opera companies worldwide. The Choral program took centre stage at the Tallinn 2007 International Choral Competition, when the Concert Choir was awarded the title of best youth choir from a field of international competitors. The Big Band has participated in the Generations in Jazz competitions for over a decade. The Big Band has won first place several times and represented Australia at Jazz conferences in the USA and Canada. Marryatville’s graduate jazz musicians represented Australia at Jazz conferences in the USA and Canada. Marryatville’s graduate jazz musicians and singer/actors are also well represented in the contemporary music and musical theatre scenes.

The creation of the Special Interest Music Centre in 1976 underpinned Marryatville High School’s transition from Norwood Boys’ Technical High School into one of Adelaide’s best public secondary schools.

This year’s concert has received wide acclaim from the Governor, a Brass Ensemble played the Vice-Regal Salute, followed by the Welcome to Country and then the Trombone ensemble performing Achieved is the Glorious Work from Haydn’s Creation. After Principal Mark Leahy’s welcome address, the combined Senior Choir, Concert Choir, School Orchestra, ignited the auditorium with Dies Irae from Karl Jenkins’ Requiem. This was followed by the lyrical Blow, Blow Thou Winter Wind by Rutter.

Master of Ceremonies, Mr Keith Hempton informed and entertained the audience throughout the evening as the stage crew, lead by teacher Josie Hawkes, prepared the stage for each item. The School Orchestra then performed Gershwin’s iconic Rhapsody in Blue with piano soloist Matthew Nguyen and conductor Aldis Sils. This difficult work was masterfully interpreted by both soloist and orchestra.

The Baroque Ensemble under the direction of Katrina Brown, performed Vivaldi’s Concerto for Two Oboes for Strings and Continuo. In keeping with Baroque style, the instrumentation was adapted to suit the ensemble, recorders played by Tom Fitridge and Oliver Grenfell taking the oboe parts.

The Chamber Orchestra under the direction of music tutor Anna Webb performed the Praeludium from Grieg’s Holberg Suite. The Chamber choir, directed by Leonie Hempton, wowed the audience with Stephen Leek’s atmospheric Ngayulul and a raucous Drunken Sailor arranged by Jonathan Willcocks.

The first half of the concert was finished by the Concert Choir, directed by Aldis Sils. They performed the dramatic Lamentations of Jeremiah by Stroope, adeptly accompanied by Jason Hammond, and the choir’s favourite work, Lebo M’s The Lioness Hunt from the Lion King.

After interval the audience was entertained by Pops Vocal Ensemble’s close miked rendition of Man in the Mirror. This work was arranged by Australia’s own: Idea of North, and MHS graduate Naomi Crellin. The stage then was filled with the Concert Choir with additional old scholars and a backing band for the upbeat gospel number: When We All Get To Heaven.

Big Band I, directed by Rob Chenoweth then performed two upbeat numbers: Akioyshi’s Tuning Up and Magic Flea by Nestico. This was followed by the Woodville High School Saxophone Quartet performing Here Comes Julian. Since 2010 the four SIMCs have supported each other’s major concerts by providing music items.

The evening was rounded off by the Concert Band, under the direction of Josie Hawkes, performing selections from Bernstein’s West Side Story. After great applause and a final bow from the staff of Marryatville’s SIMC the concert drew to a close. Over 30 old scholars joined our celebration by participating in the large choral or School Orchestra works. It was fantastic to rekindle some old memories and to be able to celebrate with them. Many of the congratulatory remarks and letters received by the school have included the comment: “The best concert yet!”

As happy as the music staff have been to receive these accolades, they are slightly nervous about the prospect of trying to better it next year.

A DVD of Blue-ray disc of the concert may be ordered from SE Productions. Order forms and information is available on the school’s Web Site or on flyers at the Music Office.
AUSTRALIAN BAND AND ORCHESTRA DIRECTORS ASSOCIATION

On Thursday the 18th and Friday the 19th of August the Junior Band and Big Bands I and II competed in the ABODA Band Festival.

All three ensembles won their respective sections in a field of mostly private schools. Instrumental Music Service teachers Kerry Hewett, Rob Chenoweth, and Dave Winnall are dedicated educators and provide our school with outstanding ensemble opportunities for our students. All three have been associated with MHS for many years and their expertise has helped achieve the high level ensembles we have today.

GUITAR ENSEMBLE AND BAROQUE ENSEMBLE VISIT THE HEIGHTS SCHOOL

In week four, our Junior Guitar ensembles and Baroque ensemble visited The Heights school to participate in their Music Week celebrations.

Part of the outreach program the Special Interest Music Centre is providing performances to junior students around Adelaide. Our concerts in the Forge are always well supported by the Primary schools in our Region, but we also try to provide music for schools further afield.

ALISE SLUITER: THE PICTURE BOX ORCHESTRA

Freelance Musician and Composer and graduate of Marryatville High School (1998) Alise Sluiter has composed for films, documentaries, several series for CNN and numerous commissioned works for television (CNN, SBS and Foxtel) theatre and dance productions.

The Picture Box Orchestra began in 2008 as a recording project. The album will be released in September.

AUSTRALIAN GIRLS’ CHOIR

The Australian Girls’ Choir’s Gala Spring Concert will be held on Saturday the 10th September, 4:30pm at Elder Hall. The choir is a long time hirer of the facilities of the Music Centre and many of our students have been associated with the choir. This year senior students Georgie Strobel, Dani Nielsen, Jess Bate and Ruby Lyons-Reid will take a major role in this event.

STUDENT SAFETY ON BUS ROUTES

We have had several reports of incidents along school bus routes where students have been approached by a taxi drivers offering to provide alternate transport.

Some students have found this quite distressing and been concerned that the offers are not legitimate. Torrens Transit do use United Taxis to cover bus routes in situations where a bus is unavailable due to accidents/breakdowns etc. The driver of a taxi should firstly have signage in the front window with the Torrens Transit logo and “Bus Substitute Service”.

In response to concern registered by parents and schools Torrens Transport have ceased this practice during times where students are travelling to school. They no longer use taxis to replace buses between 7:30am and 9:00am and between 3:00pm and 4:30pm on school days.

Please discuss this issue with your student and ensure that they have a personal safety plan to manage a situation of this nature. If a student is approached by a taxi driver whom they believe is not legitimate they should try to obtain as much information about the taxi (company name, taxi number, registration number of the vehicle and a description of the driver) and report the matter to the school, PTS Infoline on 1300 311 108 or the Police.

UNITED NATIONS WOMEN AUSTRALIA’S YOUNG WOMEN’S LEADERSHIP FORUM

On the 3rd of June, Parisa Rowhani-Farid (E01), Elee Mayo (E08), Eleanor Gerhardt (E10) and Brenna Mackay (S10) attended the United Nations Women Australia’s Young Women’s Leadership Forums.

The day was spent covering a wide range of issues and topics that affect today’s young women. Also, a portion of the day was spent on workshops about various skills, such as writing an excellent CV and cover letter, handy hints on public speaking and setting and achieving goals.

One of the issues that was discussed which sparked a lot of discussion and debate was that of gender in the media – how women are portrayed in various mediums such as film, television and magazines.

Another portion of the day was devoted to the United Nations Millennium Development Goals; what they are and how we are able to achieve them. These goals were agreed to by 189 world governments in September 2000. There are eight goals, which have been further broken down into 21 targets. They cover many different and pressing world issues such as “eradicate extreme poverty and hunger” and “promote gender equality and empower women”.

This day was an extremely valuable experience, and I believe that it is very important that the issues facing women are heard.

MATHS ASSOCIATION QUIZ NIGHT 10TH AUGUST 2011

On Wednesday evening three Marryatville High School teams each of four students enjoyed a general knowledge and mathematics quiz evening with another thirty teams from other local high schools. Organised by the Mathematics Association of South Australia, they filled a large hall at Prince Alfred College.

Though of a serious nature, with the winning Junior and Senior teams carrying on to further competitions, the aim of the evening was to have good young mathematicians test themselves in an atmosphere of friendly rivalry, and mix with other students of similar interests and abilities. All teams performed well.

Pizza, chocolate and biscuits were consumed during the evening.

ABSENTEES, LATE ARRIVALS, EARLY LEAVERS

For all absentees please call Student Services on 8304 8426.

For late arrivals from 8:30am, students need to sign in at either Student Services or the Library. Year 12 students can sign in at the Eden Park campus. They are expected to have a note for their homeroom teacher the next day.

Students who need to leave early need to sign out through Student Services.

Please contact Penny at Student Services if you have messages about students arriving late or needing to leave early.
