FROM THE PRINCIPAL

Dear Parents, Caregivers, Staff and Students

Year 12 Drama Production “Circus Olympus”
I would like to congratulate all the students and staff involved in the Year 12 Production “Circus Olympus”. The play provided an outstanding showcase for the skills and talent of our students and staff.

NAPLAN Testing
NAPLAN Testing was completed on Wednesday 15th May and we expect results to be available in August/September.

Weight of School Bags
Governing Council has established a Working Group to collect and analyse data and a survey has been emailed to parents this week. I have asked teachers to be mindful of the need for students to be carrying home heavy textbooks when setting homework.

Student Free Day
Friday 5th June is a Student Free Day, providing the opportunity for teachers to engage in a Professional Learning Program.

Student Reporting
Student Reports will be distributed on the last day of Term 2. This Term’s report will be a short report in line with our existing policy.

Quiz Night
Parents & Friends and Old Scholars will be holding a Quiz Night in the FORGE on Saturday 27th June. Tickets are available from the Finance Office.

2014 Annual Report
The 2014 Annual Report will be on the school website from 20th June 2015.

Resource Centre
I would like to provide an update in relation to Resource Based Learning at Marryatville High School. During the building program students have had access to the fiction & non-fiction collections, text books, laptop computers, DVD’s and AV materials in a temporary Resource Centre. Teacher Librarians have worked from the New Building and the Resource Centre to support 21st Century learning across the school and we are in the final stages of introducing a new Library Management System. While we will continue to use the Resource Centre, for the fiction and non-fiction collections until the end of Term 3, we will move text books, laptop computers, DVD’s and AV materials to Students Services next term. Early next term we will commence a consultative process with the Student Representative Council, Staff and Governing Council about the best location in the school for the fiction and non-fiction collections to support student learning. I would expect the consultation process to be completed by the end of Term 3 and decisions implemented in Term 4. I will keep you updated through the Newsletter.

Governing Council Report
At the Governing Council meeting on 12 May 2014 the Annual Report was endorsed and further discussion occurred about the weight of schools bags. The Council are surveying parents about this issue. Some members of Governing Council recently attended Governance training and will consider the adoption of a Code of Practice for committee members at the next meeting.

“MUSIC IS LIFE”

BENOWA HIGH SCHOOL

On Thursday 30th April (before the trip to Mt Gambier’s Generation In Jazz competition) Mr Chenoweth and Big Band I hosted the Benowa High School Bands in a workshop and performance. Benowa High School students and staff were themselves on their way to Mt Gambier. They took the opportunity to visit our school and benefit from the workshop and the opportunity to perform and hone their skills.

Mr Chenoweth is an excellent musical director and educator and the Benowa students gained insights into style, performance and ensemble techniques and were inspired to do even better at the competition. As we know, Mr Chenoweth was recognised as a director of merit by the Generations in Jazz organisation who presented him with the Director’s Award this year.

Willy Mario of the Big Phat Band of Los Angeles visited the school last week to offer our students a workshop on Jazz Combos, looking especially at rhythm sections and small ensemble line-ups.

Big Band I’s rhythm section worked with Willy while a mixture of Jazz Improvisation students and brass players listened intently to the musical and educational offering.

“CIRCUS OLYMPUS”
THANKYOU AND GOOD NIGHT!

The Year 12 students wowed the audience with their acrobatics, cheeky humour and colourful reimagining of Greek Myths!

A big thank you to the staff who supported the creation process and the Year 10 and Year 11 Theatre Tech classes for creating a new world on stage via sets and soundscapes and taking on Front of House roles.

YEAR 11 PRODUCTIONS

Hot on the heels of the first production of the year our talented Year 11 students will be presenting their performance work in Week 6.

The two performances are “So Far”, a tale of a time travelling couch and a Brant Eustice original. “Perhaps there is a universe that perfectly suits each of us. One in which each of us is a god. Somewhere we are all content. Everyone. Everything”.

So begins ‘So Far’, a series of episodes spanning 10 years, linked together by a single sofa and history changing catastrophes. Is there an alternative version to this series of unfortunate events or is this it? Is it a comfort to know that somewhere out there in the multi-verse it is all playing out quite differently?

‘So Far’ is a funny, entertaining and thoughtful play featuring great actors, inventive scene changes and a fabulous soundtrack.

Whilst Earle Kilvert’s “Between the Cracks” is about what happens when the place you go to escape the mundane, inane, insane is taken over by the uninvited others.

The students’ performances are in The Forge Theatre, Wednesday 3rd June and Thursday 4th June at 7.30pm. Tickets $6, available at the door.
WELCOME TO ART AND DESIGN AT MARRYATVILLE HIGH SCHOOL IN 2015!

The students this year will participate in curriculum that enables them to explore the techniques, skills and processes artists undertake whilst exploring multiple perspectives in the local and global community.

The budding artists at Marryatville High School will explore different mediums (such as drawing, painting and clay work) to explore such topics as identity in self-portraiture and use Aboriginal painting techniques to tell the story of “My journey”.

Students undertaking Design complete research activities into the history of design and then apply that knowledge in the creation process of Graphic design. This term students have applied their knowledge to creating advertisements using recognisable products.

This year the Stage 2 Visual Art/Design students have gone to many exhibitions to enable them to find ideas for their folios, visual studies and practicals. These included the Helpmann Academy Graduate Art Show which included emerging artists, such as one of MHS’s past students, Thomas Yeend, who won the Raffen Award for 3D Art. Students also attended the 2015 SACE Art Show, an annual exhibition of the previous Year 12’s work. Both exhibitions displayed work done by young practising artists and designers and were of extremely high standard. The tradition of breeding artists at Marryatville kick started with one of last year’s students exhibiting their work at the SACE Art Show. Lilian Ziesing exhibited her plaster and limestone work entitled ‘The Sum of Parts is Greater than the Whole’ which featured three etched glass cases – each containing a fluorescent part of the body (skull, spine and a hand).

Whilst Sophie Callen, a 2014 graduate, presented at the VAESA SACE forum held at the Art Gallery of SA in April. There she gave an insight into the rigour and independent study required to complete Stage 2 Visual Arts.

This year the Extension Art Program will run again for students. The program gives students a chance to develop their artistic skills with an artist in residence. So keep an eye out in the bulletin and newsletter as dates and more information will follow.

RECONCILIATION WEEK AND NATIONAL ABORIGINES DAY

In the lead up to Reconciliation Week and National Aborigines Day Observance Committee (NAIDOC week), I thought it might be nice to give you all some information and facts about these two very significant Aboriginal celebrations. I would like to include some fun facts about past and present Aboriginal history and culture.

Reconciliation Week will be held on the 27th May to 3rd June 2015 and NAIDOC Week is the 5th July to the 11th July.

What is Reconciliation? Nation Reconciliation Week (NRW) is celebrated across Australia each year between 27th May and 3rd June. The dates commemorate two significant milestones in the reconciliation journey — The anniversary of the successful 1967 referendum and the high court Mabo decision. The week is a time for all Australians to learn about our shared history, culture and achievement and to explore how each of us can join the national reconciliation efforts.

May 27 - Marks the anniversary of Australia’s most successful referendum and a defining event in our nation’s history. The 1967 referendum saw over 90 per cent of Australians vote to give the Commonwealth the power to make laws for Aboriginal and Torres Strait Islander peoples and recognise them in the national census.

3 June, 1992 - The High Court of Australia delivered its landmark Mabo decision which legally recognised that Aboriginal and Torres Strait Islander peoples have a special relationship to the land—that existed prior to colonalisation and still exists today. This recognition paved the way for land rights called Native Title.

What is NAIDOC Week? NAIDOC Week celebrations are held across Australia each July to celebrate the history, culture and achievements of Aboriginal and Torres Strait Islander peoples. NAIDOC is celebrated not only in Indigenous communities but by Australians from all walks of life. The week is a great opportunity to participate in a range of activities and to support your local Aboriginal and Torres Strait Islander community.

There are many events held around the country for both Reconciliation Week and NAIDOC Week. Information can be found at the following websites.

STUDENT LIFE PROGRAM YEAR 11: STREET SMART HIGH
MAY 2015

Street Smart High is an annual road safety education event hosted by the RAA in conjunction with Event Partner the Motor Accident Commission. Street Smart High aims to reduce the state’s shocking youth road toll. Road crashes are one of the leading causes of death for young people under the age of 25 and Street Smart High aims to demonstrate the devastating reality of road trauma to South Australian high school students.

Road deaths in the 16-19 year old age group has spiralled in Australia and for this reason, as part of our Student Life program, we have focussed on sharing potentially life changing information with our Year 11 students, many being new P plate or L plate drivers. Earlier this year we had a thought provoking presentation done by SA Police that had overwhelmingly positive feedback from our students. On May 14th, we followed this up with a whole year level excursion to the Adelaide Entertainment Centre for a gruelling and challenging day confronting real life issues and meeting survivors, people whose lives have been changed forever and the desolate loved ones whose teenagers did not survive road accidents.

Topics explored included mobile phone usage while driving, speeding, drink driving, owning a safe car, road safety and having a plan to get home safely when out with friends.

Lunchtime provided time to mingle, catch up with friends, collect valuable information and for some (courtesy of Red Cross) an opportunity to experience some serious prosthetic “scarring”. We apologise to any Mums and Dads who got a nasty scare when their child arrived home!

Special thanks to Maya Brookes, our counselling team, Christian Pastoral Support Worker and the Year 11 Home Group team who accompanied and supported students.

WORLD CHALLENGE 2016

Following the overwhelming success of our first World Challenge trip to Vietnam and Cambodia at the end of last year, I am happy to announce the launch of WC16 which will tour North Vietnam and Laos at the end of next year.

World Challenge is an established company that facilitate life changing trips for students all over the world. Those lucky enough to go on the Challenge will work with the other team members to plan the itinerary, organise the travel and accommodation including meals, as well as undertaking a trek or two and completing a community project. Our first team worked in a Cambodian orphanage near Siem Reap.

On May 25, all the Year 9 students and many Year 10s attended the official launch and heard stories from those who went last year. Interested students will receive information about the trip to take home and I will call a parent information meeting soon where questions can be asked and hopefully answered. The State Manager will be present at that meeting too.

Whilst the tour won’t leave for another 18months, part of the World Challenge ethos involves the participants raising their own money for the trip and this time frame allows this to happen. Last year students busked during the Fringe, got jobs in supermarkets (some of whom will support Challengers), organised quiz nights, held sausage sizzles, sold fried rice by the barrel load and more!

If your son or daughter is keen to go there will be lots of opportunities to find out about World Challenge and Marryatville High School’s trip in the coming weeks and months.

If you have any questions please feel free to contact me at the school.

## VIRUSES AND MALWARE ON STUDENT OWNED COMPUTERS

Our school technicians are noticing that a few student-owned laptops have malware installed. Malware is short for malicious software - any software used to disrupt computer operation, gather sensitive information, or gain access to private computer systems eg. Trojans, worms, nasty browser plugins, etc.

I have met with groups of students and talked about the destruction such software can cause to theirs and other peoples laptops and computers. One such Trojan that we have detected on a students laptop was deleting files.

All laptops came with Microsoft’s Security Essentials to detect this kind of software, but this software must be kept up to date and running to ensure the machine stays secure. To ensure the laptops are free from viruses and Trojans then regularly scanning of machine needs to occur.

The following sites have free malware security protection software which you can install at home:

- [http://windows.microsoft.com/en-au/windows/securityessentials-download](http://windows.microsoft.com/en-au/windows/securityessentials-download) (Microsoft called Microsoft Security Essentials for Windows 7 or higher - free for home users and up to ten users in a business environment)
- [https://www.malwarebytes.org](https://www.malwarebytes.org) (click on the Free Version Download – or pay the money if you wish)
